Attached is a letter [REDACTED] received from [REDACTED] which he passed to me when making an informal request to determine if CIA would be the appropriate agency to handle this matter. Since the request encompassed information on the Soviet Union beyond the Army report specified, I am referring this matter to the DDI as the proper authority. In talking with Carl Duckett, he also felt this was the correct procedure.

FYI, FMSAC does have a copy of the Army report [REDACTED] referred to. I would appreciate hearing from you when a decision is made on this request.
